

DNS TXT Record Addition Request

SSL Certificate Renewal - ceg.meity.gov.in

To	DNS Administration (meity.gov.in zone)
From	CEG / MeitY Team
Date	19-May-2026
Subject	Let's Encrypt DNS-01 validation - add 2 TXT records for ceg.meity.gov.in

1. Background

The TLS certificate for ceg.meity.gov.in (previously issued by ZeroSSL) expired on 28-Aug-2025. A replacement is being issued via Let's Encrypt using DNS-01 ACME validation. The application server (10.249.166.4) has no outbound internet access, so validation cannot be performed from the server directly. NIC is requested to publish two DNS TXT records in the meity.gov.in zone. No other changes are required.

2. System Details

Item	Value
Primary hostname	ceg.meity.gov.in
Additional hostname	www.ceg.meity.gov.in
Public IP (A record)	164.100.94.128
Application server	itc1CEGP-CEGWEB - 10.249.166.4 (internal)
Web stack	Apache / Tomcat 8.5.61
Certificate authority	Let's Encrypt (ACME v2)
Validation method	DNS-01 (TXT records under _acme-challenge)
ACME account email	apabishekraj@gmail.com

3. Action Required

Add the two TXT records below to the meity.gov.in zone. Remove any existing _acme-challenge TXT entries for the same names before adding these.

Record 1

Field	Value
Name / Host	_acme-challenge.ceg
FQDN	_acme-challenge.ceg.meity.gov.in
Type	TXT
TTL	300 (or minimum allowed)

Value	JxV0TmBs4SzHLdg9FKZ6pbNwUaU-X0CGKNid2WBCZWI
-------	---

Record 2

Field	Value
Name / Host	_acme-challenge.www.ceg
FQDN	_acme-challenge.www.ceg.meity.gov.in
Type	TXT
TTL	300 (or minimum allowed)
Value	3K7r2boTUgF2aEHn955Y1FNtVQ9bWm6omk3z00giYkg

Notes:

1. Do not wrap token values in additional quotes unless the DNS management panel requires it.
2. Do not modify or split the token strings.

4. Verification

Once records are published, verify using the following commands from any host with external DNS access:

```
dig +short TXT _acme-challenge.ceg.meity.gov.in @8.8.8.8
dig +short TXT _acme-challenge.www.ceg.meity.gov.in @8.8.8.8
```
